

IN THE CLAIMS

Please amend claims 8-11, 16, 21, 22, 23, 24, 26, 27 and 31-34 as indicated below.

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

Claim 1 (original) A method for formatting a document, comprising the steps of:
receiving a user example; and
formatting the non-functional aspects of said document in the style of said user example.

Claim 2 (original) The method of claim 1 wherein said non-functional aspects include indentation, order, and comment style.

Claim 3 (original) A method for formatting an output document, comprising the steps of:
receiving from a user an example document;
selectively generating from said example document style templates, alignment offsets and section order; and
responsive to said templates, offsets and order, formatting functional aspects of said output document.

Claim 4 (original) A method for generating an output document in a user preferred style, comprising the steps of:
capturing the user preferred style from a user example document; and
generating a plurality of templates, each said template representing a component of said user example document and selectively including replaceable macros.

Claim 5 (original) The method of claim 4, further comprising the steps of:
